Chocolate, LEGO and Scrum Game

Small Dev. Package

Definition of Done

1. Each small package contains one LEGO animal (as requested in a Product Backlog Item - PBI) and a chocolate candy.
2. Each LEGO animal has a small label with a number affixed to it.
3. The package is closed, the contents don't fall out if turned upside-down.

Deployment Package

Definition of Done

1. Contains a PBI work card.
2. Contains a number of small packages with a LEGO animal and a chocolate candy in each.
3. Has a label with Team Name and Sprint Number on it.
4. The package is closed.
5. Type of animals and their quantity same as in PBI work card.
